

MATE 5150: Introduccion a Algebra Lineal

Alejandro Ouslan

Ano Academico 2024-2025

Contents

1	Objetivos de la class	1
1.1	temas que se discutiran	1
2	Introduccion a espacios vectoriales	1
2.1	Paralelogram Law for Vector Addition	1

1 Objetivos de la class

- son 2 exámenes
- hay una presentación en grupo

1.1 temas que se discutiran

2 Introduccion a espacios vectoriales

latex geometry examples

2.1 Paralelogram Law for Vector Addition

The sum of the vectors x and y that act at the same point P is the vector beginning at P that is represented by the diagonal of parallelogram having x and y as adjacent sides
